Figure 1 is a scatter plot with a red line representing a fit. The x-axis is labeled 'Time (h)' and ranges from 0.00 to 0.20. The y-axis is labeled $\Delta s(t)/\Delta s(0)$ and ranges from 0.00 to 1.00. The data points (red circles) show a rapid initial decay followed by a slower, linear decay. A red line represents a fit to the data, showing a characteristic decay curve.
